

**Strategic Leadership Circles**  
**Transformative Conversations for Senior Healthcare Leaders**

As a senior leader in healthcare, you're constantly navigating challenges. But where do you turn for authentic connections, reflection and personal growth? Rethink your leadership assumptions and approach challenges with fresh creativity. Secure your spot in our Strategic Leadership Circles and ignite your leadership potential.

Participants will engage with global leaders, gain diverse insights and forge lasting bonds. Expertly guided by insight, academic rigour and practical leadership strategies, we will explore questions such as:

- What kind of leader do I aspire to be in the next chapter of my life and career?
  - What unique qualities and actions do I offer that no one else can?
  - How can I galvanise my personal strengths to inspire and motivate others?

Our Strategic Leadership Circles are designed for senior healthcare leaders worldwide, spanning both public and private sectors, from hospitals to primary care. Whether you're a senior manager, a lead clinician or consultant from any clinical background, or a GP with leadership responsibilities, this programme is for you.

**Strategic Leadership Circles will take place online (via Zoom) every two weeks.** All dates are on a Wednesday at 7:30am - 8:45am (UK time). Each cohort will be limited to 14 places.

**[Starting 06 March 2024 at the Tavistock Institute of Human Relations](#)**
